**The Strategy Session is the most critical next step of the practice test. It will give you:

- * Specific strategies to maximize your test score
- * Techniques on how to eliminate incorrect choices
- * Tips on how to score information in passages
- * Knowledge on how to determine what exactly is being asked
- * Information as to when/if to "guess" on an answer
- * Tips on how to manage your time during each test section

All of these strategies can help improve your test score.
